LITERACY:

This week we have quickly gotten back into the routine of Daily 5. We have been working on reading, spelling and language conventions. We also have begun our first writing piece on Historical Recounts. Students were asked to pick a significant life event that has impacted society and complete a recount. They have done such a fabulous job so far and I can't wait to read their published pieces.

MATHS:

This week we have begun our learning about Patterns and Algebra. Over the next few weeks we will learn about counting patterns and solving problems using addition, subtraction, multiplication and division strategies.

IMPORTANT REMINDERS:

- **Sunscreen:** Please apply/encourage your child to apply sunscreen before school in the morning. They are more than welcome to re-apply their own sunscreen before going outside.
- **Icy-poles:** Icy-poles are for sale each day on the deck. They are 50c each. Students are not allowed to buy icy-poles for other students unless they are siblings.
